Hello Jane,

Attached is the most recent revision of the formaldehyde genotox appendix from Nagu. Catherine and another genotox subgroup member will be reviewing this appendix – we are not asking you to do so, and are just sending this to you (before dissemination to the TPWG) to facilitate the LHP MOA revision. There are still notes from various other reviewers in the margins, so disregard them or speak with Nagu if you need any clarification.

Thanks,
Jason Fritz, TPWG co-chair
